Organisation name:	West Dorset General Hospitals NHS Trust
Organisation code:	RBD

General statement of compliance

Please enter your general statement of compliance in the text box provided.

<p>General statement of compliance</p>	<p>The Trust Board of West Dorset General Hospitals NHS Trust has assurance that all care standards have been met with the exception of 20b where there is insufficient assurance currently available.</p> <p>The Trust received a visit from the Healthcare Commission relating to the privacy and dignity of older people in March 2007. The report highlighted 2 areas deemed to be at some risk to the Trust compliance.</p> <p>Standard 13a; the Trust is confident that privacy and dignity issues relating to all age groups of patients are inherent in policies relating to clinical care and the training provided to support clinicians. This is supported through patient surveys, patient questionnaires, complaints, PPI and PALs.</p> <p>Standard 20b; the Trust has developed and piloted a matrons' monitoring tool to ensure compliance against this standard, and has a plan to implement across the Trust. At the time of the visit (5th March 2007) full implementation had not occurred and therefore full assurance to the Trust Board could not be provided against compliance.</p> <p>The Trust has strengthened the Infection Prevention and Control Team this year, through appointment of a Nurse Consultant, Infection Control Doctor and Anti-microbial pharmacist. The Trust has continued to reduce its consistently low MRSA bacteraemia rates and is awaiting the outcome an appeal for 2 cases which have been submitted for consideration for exclusion against the Trust's Trajectory. One case related to an inpatient in another Trust whose specimen was tested in our laboratory. The second case related to a patient who was admitted from a local Nursing Home with sepsis. Blood cultures taken on the date of admission were both positive for MRSA. This patient had not received any inpatient hospital care in the preceding 3 months</p> <p>A detailed plan to reduce C Difficile rates is being effectively implemented and shared with the wider health community.</p> <p>The Trust introduced an Integrated Governance Structure last year which has strengthened Governance arrangements. An assurance framework which reflects the core standards has been approved by the Trust Board and is supported by the Internal Audit Consortium.</p>

Statement on measures to meet the Hygiene Code

Please enter this statement in the box provided.

<p>Statement on measures to meet the Hygiene Code</p>	<p>The Trust has a very detailed assessment showing compliance against the Code of Practice for the Prevention and Control of Health Care Associated Infections as set out in the Health Act 2006. Attached to the assessment is an action plan which is reviewed by the Infection Prevention and Control committee and reports into the monthly Integrated Governance Committee by exception and formally on a 6 monthly basis to monitor compliance.</p>
---	--

Safety domain - core standards

Please declare your trust's compliance with each of the following standards:

C1a	<p>Healthcare organisations protect patients through systems that identify and learn from all patient safety incidents and other reportable incidents, and make improvements in practice based on local and national experience and information derived from the analysis of incidents.</p>	Compliant
C1b	<p>Healthcare organisations protect patients through systems that ensure that patient safety notices, alerts and other communications concerning patient safety which require action are acted upon within required timescales.</p>	Compliant
C2	<p>Healthcare organisations protect children by following national child protection guidelines within their own activities and in their dealings with other organisations.</p>	Compliant
C3	<p>Healthcare organisations protect patients by following National Institute for Clinical Excellence (NICE) interventional procedures guidance.</p>	Compliant
C4a	<p>Healthcare organisations keep patients, staff and visitors safe by having systems to ensure that the risk of healthcare acquired infection to patients is reduced, with particular emphasis on high standards of hygiene and cleanliness,</p>	Compliant

Core and developmental standards declaration 2006/2007

	achieving year on year reductions in Methicillin-Resistant Staphylococcus Aureus (MRSA).	
C4b	Healthcare organisations keep patients, staff and visitors safe by having systems to ensure that all risks associated with the acquisition and use of medical devices are minimised.	Compliant
C4c	Healthcare organisations keep patients, staff and visitors safe by having systems to ensure that all reusable medical devices are properly decontaminated prior to use and that the risks associated with decontamination facilities and processes are well managed.	Compliant
C4d	Healthcare organisations keep patients, staff and visitors safe by having systems to ensure that medicines are handled safely and securely.	Compliant
C4e	Healthcare organisations keep patients, staff and visitors safe by having systems to ensure that the prevention, segregation, handling, transport and disposal of waste is properly managed so as to minimise the risks to the health and safety of staff, patients, the public and the safety of the environment.	Compliant

Safety domain - developmental standard

Please supply the following information:

Your level of progress in relation to developmental standard D1	Good
Your comments on your performance in relation to the comparative information contained in your information toolkit(s)	<p>West Dorset Hospitals NHS Trust was non-compliant against 5 Intrathecal Chemotherapy Measures at the peer review. This was raised as an immediate concern with the Trust and the issues were addressed. The Trust is now compliant against these measures.</p> <p>The Trust has established a safer medicines practice committee. The work of the committee is to identify trends, undertakes root cause analysis of incidents and influences medical staff and nurse training. Work has been undertaken with the NPSA to identify packaging solutions.</p> <p>The Trust is aware of the issues relating to C Difficile rates, some of which were related to a major outbreak of Norovirus, between February - April 2006.</p>

Core and developmental standards declaration 2006/2007

Your highest local priorities for improvement relating to developmental standard D1	<p>A complaints forum has been established to review user feedback and identify trends in clinical areas.</p> <p>The Trust has a detailed plan to address C Difficile rates and has invested in strengthening the Infection Prevention and Control Team with 3 key appointments: Infection Prevention and Control Nurse Consultant, Infection Control Doctor/Microbiologist, Anti-microbial Pharmacist.</p>

Clinical and cost-effectiveness domain - core standards

Please declare your trust's compliance with each of the following standards:

C5a	Healthcare organisations ensure that they conform to National Institute for Clinical Excellence (NICE) technology appraisals and, where it is available, take into account nationally agreed guidance when planning and delivering treatment and care.	Compliant
C5b	Healthcare organisations ensure that clinical care and treatment are carried out under supervision and leadership.	Compliant
C5c	Healthcare organisations ensure that clinicians continuously update skills and techniques relevant to their clinical work.	Compliant
C5d	Healthcare organisations ensure that clinicians participate in regular clinical audit and reviews of clinical services.	Compliant
C6	Healthcare organisations cooperate with each other and social care organisations to ensure that patients' individual needs are properly managed and met.	Compliant

Clinical and cost effectiveness domain - developmental standards

Please supply the following information:

Your level of progress in relation to developmental standard D2a	Good
Your comments on your performance in relation to the comparative information contained in your information toolkits(s)	West Dorset Hospitals NHS Trust was non-compliant against 5 Intrathecal Chemotherapy Measures at the peer review. This was raised as an immediate concern with the Trust and the issues were

Core and developmental standards declaration 2006/2007

	<p>addressed. The Trust is now compliant against these measures.</p> <p>Palliative care is provided by a consultant who is employed by another organisation. Therefore we do not hold a palliative care MDT at West Dorset General Hospital NHS Trust.</p> <p>The Trust actively participates in a wide variety of national audits and most of the cardiac audits including the BHF/BACR audit of cardiac rehabilitation.</p>
Your highest local priorities for improvement relating to developmental standard D2a	The Trust is currently implementing an electronic solution to enable it to participate in collecting the detailed BHF dataset which will be operational during 2007-8 and is currently submitting the BHF annual questionnaire in lieu of the dataset.

Governance domain - core standards

Please declare your trust's compliance with each of the following standards:

C7a and C7c	Healthcare organisations apply the principles of sound clinical and corporate governance and Healthcare organisations undertake systematic risk assessment and risk management.	Compliant
C7b	Healthcare organisations actively support all employees to promote openness, honesty, probity, accountability, and the economic, efficient and effective use of resources.	Compliant
C7e	Healthcare organisations challenge discrimination, promote equality and respect human rights.	Compliant
C8a	Healthcare organisations support their staff through having access to processes which permit them to raise, in confidence and without prejudicing their position, concerns over any aspect of service delivery, treatment or management that they consider to have a detrimental effect on patient care or on the delivery of services.	Compliant
C8b	Healthcare organisations support their staff through organisational and personal development programmes which recognise the contribution and value of staff, and address, where appropriate, under-representation of minority groups.	Compliant

Core and developmental standards declaration 2006/2007

C9	Healthcare organisations have a systematic and planned approach to the management of records to ensure that, from the moment a record is created until its ultimate disposal, the organisation maintains information so that it serves the purpose it was collected for and disposes of the information appropriately when no longer required.	Compliant
C10a	Healthcare organisations undertake all appropriate employment checks and ensure that all employed or contracted professionally qualified staff are registered with the appropriate bodies.	Compliant
C10b	Healthcare organisations require that all employed professionals abide by relevant published codes of professional practice.	Compliant
C11a	Healthcare organisations ensure that staff concerned with all aspects of the provision of healthcare are appropriately recruited, trained and qualified for the work they undertake.	Compliant
C11b	Healthcare organisations ensure that staff concerned with all aspects of the provision of healthcare participate in mandatory training programmes.	Compliant
C11c	Healthcare organisations ensure that staff concerned with all aspects of the provision of healthcare participate in further professional and occupational development commensurate with their work throughout their working lives.	Compliant
C12	Healthcare organisations which either lead or participate in research have systems in place to ensure that the principles and requirements of the research governance framework are consistently applied.	Compliant

Patient focus domain - core standards

Please declare your trust's compliance with each of the following standards:

C13a	Healthcare organisations have systems in place to ensure that staff treat patients, their relatives and carers with dignity and respect.	Compliant
C13b	Healthcare organisations have systems in place to ensure that appropriate consent is obtained when required, for all contacts with patients and for the use of any confidential patient information.	Compliant

Core and developmental standards declaration 2006/2007

C13c	Healthcare organisations have systems in place to ensure that staff treat patient information confidentially, except where authorised by legislation to the contrary.	Compliant
C14a	Healthcare organisations have systems in place to ensure that patients, their relatives and carers have suitable and accessible information about, and clear access to, procedures to register formal complaints and feedback on the quality of services.	Compliant
C14b	Healthcare organisations have systems in place to ensure that patients, their relatives and carers are not discriminated against when complaints are made.	Compliant
C14c	Healthcare organisations have systems in place to ensure that patients, their relatives and carers are assured that organisations act appropriately on any concerns and, where appropriate, make changes to ensure improvements in service delivery.	Compliant
C15a	Where food is provided, healthcare organisations have systems in place to ensure that patients are provided with a choice and that it is prepared safely and provides a balanced diet.	Compliant
C15b	Where food is provided, healthcare organisations have systems in place to ensure that patients' individual nutritional, personal and clinical dietary requirements are met, including any necessary help with feeding and access to food 24 hours a day.	Compliant
C16	Healthcare organisations make information available to patients and the public on their services, provide patients with suitable and accessible information on the care and treatment they receive and, where appropriate, inform patients on what to expect during treatment, care and after care.	Compliant

Accessible and responsive care domain - core standards

Please declare your trust's compliance with each of the following standards:

C17	The views of patients, their carers and others are sought and taken into account in designing, planning, delivering and improving healthcare services.	Compliant
C18	Healthcare organisations enable all	Compliant

Core and developmental standards declaration 2006/2007

	members of the population to access services equally and offer choice in access to services and treatment equitably.	
--	--	--

Care environment and amenities domain - core standards

Please declare your trust's compliance with each of the following standards:

C20a	Healthcare services are provided in environments which promote effective care and optimise health outcomes by being a safe and secure environment which protects patients, staff, visitors and their property, and the physical assets of the organisation	Compliant
C20b	Healthcare services are provided in environments which promote effective care and optimise health outcomes by being supportive of patient privacy and confidentiality.	Insufficient assurance
C21	Healthcare services are provided in environments which promote effective care and optimise health outcomes by being well designed and well maintained with cleanliness levels in clinical and non-clinical areas that meet the national specification for clean NHS premises.	Compliant

Care environment and amenities domain - non-compliance/insufficient assurance

Please complete the details below for standard C20b, for which you have declared as not met or insufficient assurance:

Start date of non-compliance or insufficient assurance	05/03/2007
End date of non-compliance or insufficient assurance (planned or actual)	05/09/2007
Description of the issue (maximum of 1500 characters including spaces - this is approximately 200 - 250 words)	The Trust received a visit from the Healthcare Commission to ascertain whether systems were in place to ensure that whilst inpatients, older people are being treated with respect and dignity. The visit found that whilst ward environments are generally supportive of patient privacy and confidentiality, there was no evidence of formal monitoring of the ward environments other than the annual Patient Environment Action Team (PEAT) inspection.
Actions planned or taken	A monthly Matrons' monitoring tool had already been devised and piloted. This tool will be implemented across all clinical areas and the

Core and developmental standards declaration 2006/2007

(maximum of 1500 characters including spaces - this is approximately 200 - 250 words)	results of the monitoring will be reviewed on a bi-monthly basis by the PEAT group. The monitoring has already been incorporated into the new organisational structure and will form part of the Head of Nursing's Portfolio; the re-structure is due to be implemented on 1st September 2007. In the interim the Director of Nursing will be addressing the issues as chair of the PEAT group.
